

Press Release

Langewiesen, May 2018

New Head of R&D at Raesch Quarz (Germany)

As of 1st May 2018, Dr. Susanne Schiermeyer is responsible for Research & Development at Raesch Quarz (Germany) GmbH.

As head of Research & Development Dr. Susanne Schiermeyer is responsible for all development tasks at Raesch Quarz (Germany) GmbH. After completing her studies in Inorganic / Non-metallic Materials at the TU Bergakademie Freiberg she did her doctorate on the topic Crystallization of an UV-structurable glass in the systems $\text{SiO}_2\text{-Al}_2\text{O}_3\text{-Li}_2\text{O}$ at TU Ilmenau.

Dr. Susanne Schiermeyer has many years of experience and a huge know-how in developing, manufacturing, processing and generating a function of glasses.

In her new position Dr. Schiermeyer is in charge of various tasks concerning development and is pleased to serve you as a competent partner.
