## Expansion of our Sales Team

**Nadja Manke joined the sales team of Raesch Quarz (Germany) GmbH as Key Account Sales Europe on September 1, 2021**

As a graduate economist, Nadja Manke can look back on 25 years of experience in the glass and mainly glass fiber industry with continuous technical training and development.

She spent more than 20 years in the automotive industry on thermal and acoustic insulation of exhaust systems as Sales Manager and, in the past 4,5 years, also as Market Development Manager, supporting the Asian team, too. Actively Nadja supported the implementation of product specifications at OEM and launching product developments at Tier1 customers. Also, RFP applications as for instance high voltage insulation, tank and vehicle constructions or building industry are familiar to her.

For Nadja personal contact is one of the most important basics for a mutually satisfactory collaboration.

**About Raesch Quarz Germany GmbH:** Since 1992, Raesch Quarz (Germany) GmbH has been the expert for customized quartz glass components. From holding rods and resize tubes to lamp tubes and fused quartz, the quartz glass melting company offers a broad spectrum of innovative products. Development, production and sales are based at the company's Thuringian site in Ilmenau.

**About Hönle Group:** Hönle Group is the parent company and includes UV systems specialist Dr. Hönle AG (UV/LED-UV units and systems, professional lighting technology), sheet-offset specialist Eltosch Grafix (UV/UV-LED/IR/hot air dryers and peripheral units, e.g. ink fixation and powder systems) and PrintConcept (UV specialist for web printing). Hönle Group's companies also include Raesch Quarz, UV-Technik Speziallampen (lamp manufacturing, e.g. for sterilization) and Aladin UV lamps, and adhesives specialist Panacol. The German based Hönle Group has local subsidiaries in China, France and the USA as well as a sales office in Italy and a sales/service office in Spain. The Hönle Group also has an extensive worldwide network of experienced sales and service partners.
